Your Support helps...

It is our vision that our special tea parties will generate an innovative training program for our youth participants in areas involved in the preparation and service of the events, for example:

- Food preparation
- Table service
- Marketing
- Set-up & Artistic presentation
- Tear-down & clean-up
- Social Hostessing

To do this, we will need to engage with a host of professionals in the community to volunteer as training mentors. Our wish list (see Donation tab) includes restaurant owners, hotel managers, and social media experts who are willing to donate a portion of your time to share valuable skills and expertise to youngsters who may go on to specialize as a result of your inspiration.

Our vision is to positively influence and equip the next generation! Please help us out!

LET'S MEET!

Fundraising Objectives....

Your support of our fundraisers assists us in equipping our young mentees with new skills, introducing them to career opportunities that they may not have previously considered. Our tea party initiative offers practical insights into all the areas of expertise needed to execute an effective event. Allowing the trainees to decide on their particular area of interest is expected to yield strong interest that translates to better execution of a task, all of which increases a young person's confidence and self-esteem. Under the direction of Margaret/Aunt Margie and a team of supportive program facilitators, it is our hope that our youth participants will be trained to deliver outstanding service at our tea parties that becomes the *talk of the town!*

Tea*

About Your Host

Margaret considers herself a Tea Party aficionado simply because she loves Teas of any type and she's practiced the art of Tea Party hosting for so many years. Her inspiration was derived from her grandmother, after whom she's named; she still possesses a few of granny's teapots, cups, silverware and sundry items that lovingly remind her of the gentle days of old when it was popular to indulge in a civilized afternoon cup of tea with delightful sandwiches and cakes.

Roll forward to the present, while now retired, Margaret has not only been a prolific learner, but a consummate coach and unofficial teacher/trainer of sorts. She will ensure that the young people who wish to participate in our innovative training program receive the appropriate instruction to effectively contribute to outstanding service delivery at our MEETT events (**M**oms **E**njoying **E**nlightenment & **T**ea **T**ime). We hope to set a pretty table for you and your guests once we launch.

We thank you in advance for your support!
